Notes:

- All prices are in U.S. Dollars (USD\$), VAT is not included.
- Suspension - service of temporal stay of operation of the subscriber device. Suspension is made based on the written request of the Customer.
- Any portion of such an allowance, whether it is for a complete month or is pro-rated, that remains unused at the end of a month will be lost and therefore not available for use in the following month.
- The total cost of telecommunications services per each IMEI is settled as the sum of the costs of each communication session, indicated in the CDR detail. It is rated the mobile terminated and the mobile originated traffic. Calculation of traffic is made per byte towards increase for each communication session (a rounding step): by a tariff SBD 0 - 30 bytes, by other tariff plans - 10 bytes. Traffic volume for the estimated period is transferred to kilobytes (1 Kilobytes=1000 bytes).
- Per mailbox check fee per event applies if a mobile terminated message is not queued at the Gateway. There is no charge per mailbox check if the Mobile Terminated message is queued at the Gateway.
- Monthly access fee will be charged on a per IMEI basis per month. Monthly access fee and included traffic for the first/last month/period will be pro-rated.
- No carryover of monthly included traffic.
- Each SBD is allowed for one free registration event per month, included in the monthly fee. Each extra event will incur a per event charge.
